

CLEARWRAP

/ CLEAR PRINTABLE FILM /
Car wrapping and 3D customisation

Wrap your bodywork, let your imagination go free without limits!

Bring your vehicle back to life with its original colour as a backdrop

The **CLEARWRAP** film, the latest addition to our range of printable cast films, offers a unique experience in terms of **creativity** and **ease of application**.

This **clear** film is ideal for **customising all or part of the bodywork** of your vehicle, for a 100% unique look.

From subtle designs to the most audacious blend of decorative motifs, it opens up a **multitude of visual possibilities**, which can be superimposed on the original colour of the paintwork.

Product characteristics

- Outdoor durability** / Printed and laminated film: **up to 5 years** (vertical exposure)
- Available in 1370 mm x 50 m (*other retail options are possible, depending on stock availability*)

Product benefits

The **CLEARWRAP** film allows fast, precise processing. Due to its **micro-embossed** liner, it is easy to be repositioned on **flat or curved surfaces**.

As it is **perfectly clear**, it can be transferred directly, **without the need for time-consuming tape or splices**.

The HEXIS +

Protect your prints with the **PC50MCP2** ultra-clear cast laminate. Its polyester liner prevents image distortion, while keeping the compound perfectly clear.

/(*) The actual durability of the product depends on several parameters such as the conditions of exposure (climate, angle of exposure), substrate, etc. We recommend performing an application test ahead of each project to assess the appearance of the film particularly on dark surfaces.. /
