Product characteristics

High-performance **polymeric** film

- **Clear** permanent solvent-based acrylic adhesive
- **65-µm** thickness
- **HEX'PRESS** liner for easy application
- **Gloss** or **matt** finish
- Durability*: **up to 10 years** for outdoor use (vertical exposure)
- Indoor and outdoor application, on flat and slightly curved surfaces
- Available in 1230, 1520 mm x 30 m

Product benefits

Long-term application for indoor and outdoor use

Very good conformability for applications on **slightly curved** surfaces

Excellent weeding and cutting: ideal for small letterings

The HEXIS +

Easy application without any creases or bubbles, ideal for large flat surfaces: the **HEX'Press** liner allows air to be released and the film to be repositioned during application.

/* (*) The actual durability of the product depends on several parameters such as the conditions of exposure (climate, angle of exposure), substrate, etc. /
